
Answers to your questions

Q: Why is the route changing?

A: We have a severe driver shortage. SVT must change some things to provide the best geographic coverage with the people we have.

We know this is really hard on you and we're sorry.

If you know of anyone who wants a great job for a great company, send them to us! They can go to www.SVTBbus.org/about-us/careers or just stop by our office at 1308 Boalch and get an application.

Q: How long will this part of the route be suspended?

A: We'll get the route back to normal as soon as we can. Want to know more? Call us at: 425-888-7001.

Additional Information

Did you know?

SVT has been running this route for more than nine years. We started this as an experiment with King County Metro Transit.

Prior to September of 2013, there was a big Metro bus doing this route every three hours. Rather than cancel the route due to low ridership, Metro decided to take a chance and allow SVT and the Mt. Si Senior Center to run little buses, twice as frequently, and see how it worked.

The result? Ten time the ridership and happier riders who had a choice about donating a \$1 fare for their ride.

Trust us, we know that frequency makes all the difference to our riders.

SVT has never suspended any part of the Valley Shuttle bus routes. Until now.

Again, we apologize for the inconvenience and know that this may have an impact on your life. We would never do this if we didn't have to.

Stick with us. It'll get better.
